Rules

RULES AND GENERAL CONDITIONS of IVAO Italian Division [HERE](#)

Italy VFR Tour 2017 Rules

- Each leg must be flown entirely in accordance with the rules VMC
- Minimum altitude: 1000ft AGL or 500ft on the sea (Unless otherwise required).
- Max speed 180kts – IAS
- It will need overfly the intermediate points if indicated
- It is not allowed to fly in the class "A" airspace and in prohibited area. It is permitted in Dangerous and Restricted Area
- Each leg must be validated. Completed flight reports have to be sent after each leg using the appropriate form. Note down take-off time and landing time: it will be asked you to report them later (UTC Time);
- Please pay attention to your flight plans. Flight plans with wrong departure/arrival ICAO code, wrong flight level (in according to VFR rules to semi-circular levels rules or wrong route will be rejected (for example: level over top limit "VFR" is FL 55/75 or 65/85). Please remember that you can correct errors in your flight plan only before taking-off.
- Pay also attention to the aircraft you chose for every single leg;
- We will not validate any leg performed with DIRECT GPS. This procedure is not in the spirit of our tour. In order to find a point or any other element that may be useful to the navigation, the use of GPS or any other navaid is allowed.
- ATC guidance is not necessary all the way to validate your leg.
- Remember to send your report within 7 days from the date of the leg flown.
- **MAXIMUM 1 LEG PER DAY CAN BE FLOWN.**
- This tour will end on 31/12/2017

WARNING POINTS
